

Invitation

ZEISS-Accretech User Meeting

Making each point count

The first ZEISS-Accretech user meeting aims to provide with our customers an overview of the latest technology update and necessary metrology knowledge covering all aspects of coordinate measuring machines (CMM), surface texture & contour measuring instruments and cylindrical form measuring instruments (SF&G).

Participants can also expect to increase their efficiency for everyday tasks with the theoretical session on our Calypso software and maintenance tips for your machines.

Venue: Nanyang Polytechnic
Lecture Theatre S1 (LTS1)
180 Ang Mo Kio Ave 8
Singapore 569830

The favor of a RSVP is requested for your complimentary 'thank you gift'.
