Re: Cataract Surgery in Cambodia, 25-26 June 2008

Dear Madam,

Kindly accept our heartfelt appreciation for your generous gift of Carl Zeiss intraocular lenses, making possible free cataract surgery to restore vision for financially-challenged Cambodian villagers in Kandal Province.

On 25 and 26 June 2008, doctors from the National University Hospital of Singapore and Preah Ang Doung Hospital in Phnom Penh, Cambodia will collaborate in medical excellence in the field of Ophthalmology.

Community Outreach Services (COS), a registered NGO in Cambodia, is honored to be the sponsor of this esteemed event. Early this month, COS celebrated her 6th Anniversary of community services in Cambodia. In Kandal Province, COS has a successful orphanage, COS-Immanuel which provides safe and wholesome care for 120 school-going orphans. Likewise, COS operates the Emmaus Women's Centre, providing at-risk young women value-added life-skills training in a safe environment. COS provides gainful employment for about 30 Cambodians.

Once again, thank you for partnering us in this life-changing initiative.

Yours faithfully

Rev Philip Lim
Executive Director
Community Outreach Services, Cambodia
